

Table of Contents

	Page
<u>Chapter 1 Executive Summary</u>	
• Introduction	1-1
• PACTS – organizational overview	1-2
• Planning process and key findings	1-3
• Alternatives explored	1-4
• Recommendations and strategies	1-5
• Implementation	1-6
<u>Chapter 2 Plan Background</u>	
• PACTS – organizational overview	2-1
• PACTS members and their roles	2-2
• <i>Destination Tomorrow</i> – the new regional transportation plan	2-4
• <i>Destination Tomorrow</i> – goals and objectives	2-6
• Plan process and public outreach	2-9
• State and federal regulatory context	2-10
<u>Chapter 3 Present Conditions and Future Trends: Transportation and Land Use</u>	
• Introduction	3-1
• Transportation land use connection	3-2
• People, Households and Employment in the Region: 1960-2000	3-3
• Transportation Issue Survey of Greater Portland Residents	3-6
• Regional Traffic Volumes, Patterns and Conditions	3-7
• Assessment of Current Levels of Congestion and System Performance	3-12
• The Passenger Transportation System	3-19
• Summary of Intermodal Issues and Opportunities	3-25
• Future Population, Employment and Land Use Development Trends	3-29
• Future Roadway Analysis	3-35
<u>Chapter 4 Alternative Analysis</u>	
• Introduction	4-1
• Methodology for Alternatives Analysis	4-2
• The Transportation Theme Packages: The Tested Alternatives	4-7
○ Interstate	4-7
○ Arterial	4-12
○ Transit	4-16
○ Compact Land Use	4-24
• Selected Travel Times for Key Origins and Destinations	4-26
• Facility-Specific Impacts of the Transportation Themes	4-27
• Summary of Key Findings of the Alternatives Analysis	4-27
• The Recommended “Best of” Transportation Package	4-32

Table of Contents (con't.)

	Page
<u>Chapter 5 Recommendations and Strategies</u>	
• Introduction	5-1
• The Nine Guiding Policies	5-1
• Recommendations and strategies to advance <i>Destination Tomorrow's</i> goals	5-3
• Goals, Objectives and Strategies	5-10
○ Economic Development	5-11
○ Mobility, Safety and Accessibility	5-14
○ Energy Conservation	5-18
○ Land Use	5-20
○ Environmental Quality	5-26
○ Regional Focus	5-28
 <u>Chapter 6 Capital Investment Framework</u>	
• Capital Investment Framework	6-1
• Sources of funds	6-2
• Anticipated funding shortfall	6-7
• Additional funding for implementation of the Plan	6-8
 <u>Chapter 7 Implementation</u>	
• Introduction	7-1
• Implementing key plan policies	7-2
○ Major Regional Projects	7-4
• The Transportation Improvement Program	7-5
• Closing thoughts	7-7
 <u>Appendices</u>	
Appendix A	Public Comments
Appendix B	Current Municipal Land Use Development Patterns and Trends
Appendix C	Intersection Capacity Analysis: 2001 & 2025
Appendix D	Detailed Study of Major Corridors and Commercial Activity Centers
Appendix E	Regional Trip-making Implications of Future Development Forecasts
Appendix F	Automobile Travel Time Analysis: Selected Origins and Destinations
Appendix G	'Response' Land Use Analysis
Appendix H	Facility Specific Impacts of the Transportation Theme Packages
Appendix I	Technical Analysis of Potential Traffic Shifts to Improve the I-295 and Maine Turnpike Corridors
