Save Up to 40% on Fuel Costs!

***"The Compelling Case for
Natural Gas Vehicles
(NGVs)"***

Public and Private Fleet Workshop

Doubletree Hotel -

Westborough, MA

September 1

8:00am – 4:00pm

Presented by the Clean Vehicle Education Foundation (CVEF) in cooperation with US DOE Clean Cities Coalitions from Massachusetts, New Hampshire, Maine, Connecticut and Rhode Island.

What you'll learn... Environmental, energy security and economic market drivers •NGVs 101 basics review •Best NGV applications and why •Light-, medium- and heavy-duty vehicles available from OEMs and retrofit companies •Fuel station design, development and ownership/operations options •Federal and state tax credits, grants and other incentives •NGV fleet operator experiences and tips •Calculating fuel cost, simple payback and life-cycle savings •Next steps in implementing a successful NGV program

Save \$10. Pre-registration is just \$55 and includes course materials, continental breakfast, lunch and refreshment breaks... Click here for more information:
